City Manager To Fight San Francisco Plan To Boost Water Rates

Redwood City will vigorously protest the proposed 15 per cent boost in water rates for San Francisco and the Peninsula recommended by Utilities Mgr. Edward G. Cahill of San Francisco yesterday, City Mgr. Robert W. Mead informed the Tribune this week.

City Atty. Paul A. McCarthy and probably Mead will attend the Aug. 6 public hearing of the San Francisco Public Utilities Commission which will discuss the proposal, according to the city manager.

The proposed boost will directly affect Redwood City property owners since it will necessitate raising of the water rate here by the city council, Mead said.

Mead explained that Redwood City's unwritten agreement with the City of San Francisco for the use of Hetch Hetchy water dates back to 1933. In the 1943 San Francisco mayorality election year, a 15 per cent decrease in water rates for San Francisco was voted by the utilities commission but Peninsula communities did not receive any reductions.

"Palo Alto, which has a definite rate contract with San Francisco for Hetch Hetchy water extending to 1947, will not be affected by the increase proposed yesterday by Cahill," Mead stated. "One of our protests against the boost will be why should Palo Alto be exempted and Redwood City, a neighboring community, have to pay the increase."

"In 1947, when Palo Alto's contract expires with San Francisco, that city will be in the same position Redwood City is today," Mead added.

Cahill, in submitting the new rate schedule to the utilities commission, disclosed that the main purpose of the boosted rates was to make the San Francisco water department completely self-supporting.

Mead pointed out that Redwood City has had a self-sustaining water department since 1923.

If the rate increase is approved by the utilities commission, it will go to the San Francisco Board of Supervisors for consideration and hearings. Mead promised that the boost will be fought by Redwood City in every step.

Cahill also urged the commission to approve the charging of San Francisco municipal departments for the use of water for the first time in the city's history. He claimed, "water furnished without charge puts a premium on waste and inefficiency on the part of the departments so served."

The utilities manager estimated that the water rate increase would raise $1,962,700 additional revenues for San Francisco in the next fiscal year, less $548,000 which will be charged against the tax rate to furnish water in other municipal departments.

Net savings of $1,414,700 would ensue for San Francisco tax payers from the proposal according to Cahill.

Present water rate for Redwood City is 15 cents per 100 cubic feet. The rate works on a sliding scale, however, and the average rate is 11½ to 12 cents per 100 cubic feet.

Lt. Glenn E. Chandler Takes Combat Course

Second Lt. Glenn E. Chandler has completed a combat course in one of the army's newest attack bombers, the A-26 Invader, at Marianna Field, Fla., the army reported this week.

National Radio Show At Dibble

Frances Langford, Spike Jones and other radio stars participated in the first broadcast of a national network radio show to originate from Dibble General Hospital Sunday afternoon.

The cast presented two regular shows in addition to a pre-broadcast "warm-up" and also visited bed-patients in the wards.

Approximately 700 patients and hospital personnel crowded into the patients' recreation hall where the Hollywood songstress, Jones and the City Slickers, Singer Tony Romano, Announcer Ken Carpenter and Guest Star William Frawley of the Chase & Sanborn show staged a half-hour broadcast.

Bed patients unable to attend the performance listened in through the hospital radio hookup operated by Cpl. Richard Degner.

Lt. Don L. Linder, special services officer, arranged for the show.

Miss Langford talked with many patients who had seen her performances in the European Theater of Operations in 1943 when she toured the area with Bob Hope, and with men who had seen her shows in the Pacific last year.

Belmont Firemen Halt Grass Fire

Belmont firemen battled a wind-whipped grass and brush fire for four hours this week before extinguishing flames which threatened homes and destroyed fences, trees and shrubs.

The fire, origin of which is unknown, broke out on Mezes Ave. and spread rapidly up the hill to Hillman Ave. and Oak Knoll Dr.

Firemen put down a hose line on Oak Knoll Dr. to prevent the fire from going out of control up the hill.

Sparks ignited shingles on a roof, but fire fighters halted the flames before any damage was done to the house.

A picket fence, decorative shrubs, oak and eucalyptus trees were burned and scorched in the several acre fire.

Radioman at Shoemaker For Reclassification

Frank J. Dalton, radioman third class, USNR, 23-year-old son of Lt. and Mrs. Michael F. Dalton of Jackson Ave., Redwood City, has arrived at the naval receiving station at Shoemaker, for reclassification and further assignment, according to a navy release received this week.

Dalton has served three years in the naval reserve. His father, 1st Lt. Michael Dalton, is in the army medical administration corps and his brother, John J. Dalton, is a radarman, third class, also in the naval reserve.

Chief County Inspector Denied Car

Chief Sanitary Insp. John W. Fickeisen this week began a leave of absence from his county duties in order to shop for an automobile while County Executive Frederick W. Peterson considered the latest feud with the health department a "closed issue."

The dispute was set off on July 9 when the Hartford Insurance Co., carrier of the county automobile fleet policy, notified Peterson of a possible insurance rate raise.

"We note with a great deal of apprehension the report of another accident by J. W. Fickeisen. ...It is indeed a very bad situation when there is such a frequency of accidents by one individual, and although all of his accidents only resulted in property damage, there is a serious potential liability loss factor...," the insurance company declared.

Peterson subsequently notified Dr. Charles C. Gans, director of the County Health and Welfare Dept., that Fickeisen was to be denied the use of a county vehicle in view of three reported accidents in three months and three collisions during the 1943-44 insurance year.

In reply to Peterson's order, Fickeisen wrote to Dr. Gans and requested a leave of absence without pay in order that he might shop for a car. The health inspector called the insurance company's action discriminatory and unfair because he was not permitted to state his own case.

He made reference to "incidents in which other officials of San Mateo County suffered accidents that amounted to greater expense than any I incurred," adding such incidents did not affect the insurance rate or deny use of the cars.

Although he did not specifically mention names, he referred to an accident in which Peterson damaged a county-owned vehicle outside the county during the last county election.

He said a car that would suit his purpose would cost "not less than $1700," and that he was unable to obtain a car at the price he could afford. His present automobile is used by his family, he explained.

Fickeisen, who since his last accident on June 21 has been forced to remain in the office or accompany other health inspectors in their cars, stated "I could not honestly stay on the job until this transportation problem is solved. It would be unfair to the department." Seventy-five per cent of his work is in the field, he said.

His letter, written on Monday, declared he had been informed by Peterson's secretary, Mrs. Helen Sharp, that the matter would have to be handled through the department head (Dr. Gans) and that he could not answer directly to Peterson.

Fickeisen's leave of absence, granted by Dr. Gans, will come before the Civil Service Commission for approval this afternoon. Should the leave be denied on grounds that his reasons are not sufficient, Fickeisen will take his regular vacation leave, he told Dr. Gans.

Some of the old cattle drives from Texas to the northern plains involved 8000 cattle and took four or five months.

Air Traffic Increase Seen For San Francisco Airport

Air traffic at Mills Field in San Mateo County will be considerably increased in the near future as a result of a Civil Aeronautics Board examiner's recommendations that:

1. American Airlines be authorized to operate between the field, Oakland and Los Angeles.
2. Southwest Airways be permitted to serve numerous California, Western Oregon and Western Washington cities from the San Francisco airport.
3. United Air Lines be granted additional routes to California and Oregon cities.

Although airlines may dispute the examiner's recommendations at a hearing, his reports are generally tantamount to approval.

James G. Ray, vice president of Southwest Airways, said his company will invest approximately $1,000,000 at the airport and will employ 500 people.

On Monday, a C.A.B. examiner approved a request from United Air Lines to operate between San Francisco in competition with Pan American Airways.

Two New Subdivisions Get Final Supervisor Approval

San Mateo County supervisors this week approved final maps for two new subdivisions at opposite ends of the county.

Map of a 45-lot tract in North Palo Alto, called the Willow Tract 4, was approved as was a plat of the Capuchino tract known as Lomita Hills.

Mr. and Mrs. John H. Tilton are subdividers of the Willow tract which lies west of Gilbert Ave. and adjacent to Willow Rd.

The North County tract is being subdivided by Scobel, Inc.

At their meeting, the supervisors adopted the actuarial report of the County Retirement Assn. which establishes new rates of contribution to the retirement fund.

The new rates reflect substantial increases, A. H. Sagehorn, chairman of the association, told the board. Rates are for a five-year period effective July 1.

A letter from the City of South San Francisco notified the board of pending annexation of 40 acres on the north side of Golden Gate National Cemetery. The property will be subdivided.

An agreement between the Lomita Park-Millbrae Sanitary District and the Capuchino District for construction of a sewer received the approval of the supervisors after it was submitted by Atty. Ernest J. Wilson.

Herbert H. Sharpe Jr. To Sail on Icebreaker

Herbert H. Sharpe Jr., son of Mrs. Marshalle B. Sharpe, 1226 Hudson St., and a cadet at the Coast Guard Academy at New London, Conn., will be one of the crew of the icebreaker Mackinaw when the boat sails for a training trip on the Great Lakes this Summer, the coast guard announced this week.

Cadet Sharpe will be commissioned as ensign after completing his four year training at the academy. The training trip is part of the regular course for coast guard officers. Cadet Sharpe will be aboard one of the most modern of coast guard vessels, the report states, and the cruise will be the first since 1877 for academy cadets, not on salt water.

Sharpe is the son of the late Herbert H. Sharpe Sr. and attended Sequoia High School and San Mateo Junior College.

South Pacific Veteran Wins Army Discharge

T/5 George V. Doriss, son of Mr. and Mrs. E. Doriss, 545 Quartz St., has been discharged from the army after 37 months' service in the 41st Infantry Band, the army reported this week.

Doriss was with the first full division to land in Australia and New Guinea, and he was in Hollandia, Biak and the Philippines.

Lt. Kenneth R. McCall To Instruct Fliers

First Lt. Kenneth R. McCall, whose wife lives at 1165 Clinton St., has completed the advanced course in instrument flying at Lubbock Field, Tex., and has returned to his base at La Junta, Colo., the army reported this week.

Lieutenant McCall will train fliers at La Junta in all weather instrument flying.

He returned from European combat in October, 1944. As a B-17 pilot he won the Distinguished Flying Cross, Air Medal with three Oak Leaf Clusters, the Distinguished Unit Citation, and three battle stars for his campaign ribbon. He flew 35 missions.

Arthur W. Graham Based on Trinidad

Sgt. Arthur W. Graham, husband of Mrs. Mardell F. Graham, 435 Clinton St., has been assigned as aircraft mechanic on the Island of Trinidad, the air transport command announced this week.

The former metalsmith will be active in repairing the C-47 transport planes that land at Trinidad, a link in the aerial crossroads over which 25,000 soldiers will be brought to the United States each month. Trinidad will be the stop before the last leg of the journey home.

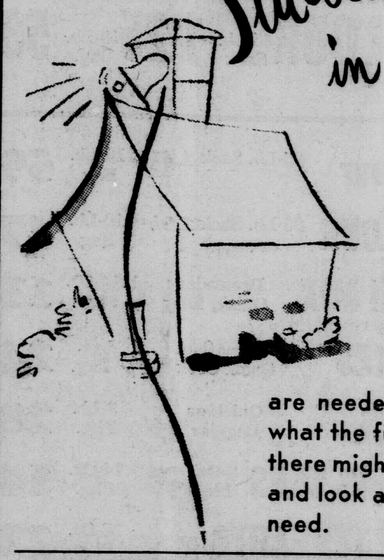
Warren Signs Call Bill To Give City Title to Port Marsh Lands

Gov. Earl Warren this week signed Assemblyman Harrison Call's bill granting Redwood City title to salt marsh, tide and submerged lands within the city limits, the Associated Press reported.

The title, which excludes mineral and oil rights, defines ownership of the banks of Redwood Creek, Port Mgr. A. A. Moran explained today.

Ownership of the land between high and low tide levels was vested in the state before the transfer, he said.

The lands can be used only for establishment and maintenance of a harbor, including an airport or aviation facilities and used for the construction and operation of wharves, docks and other utility structures required for the accommodation of commerce and navigation by land, sea and air.



Studies in School Togs

MOTHERS! . . . Now is the time to buy "back to school" clothes for the kiddies. Buy them now and put them away—to be sure you'll have them when they are needed. It's hard to forecast just exactly what the future may bring, but now it looks as if there might be a scarcity of all clothing. Come in and look around—buy—BUT buy only what you need.

STURDY OXFORDS
1.95 - 2.49 - 2.98
Oxfords and straps in black, brown or white — leather composition soles. A host of good styles to choose from. Bring the children in . . . Let Margaret fit them!

SCHOOL SHOES
Now is the time to buy school shoes — while our stocks are fairly complete. If you have not seen our selection of children's footwear there's a treat in store for you! You'll find the largest stock on the Peninsula.

RATION FREE SANDALS
Reg. 2.49 Now 1.98
Several good styles in red, green, or white. Sizes range from children's sizes 10 to ladies' size 8.

GIRLS' ANKLETS
Cuff Top Sox in red, brown, white and copen. Sizes 8½ to 10½ 15c
Mercerized Cottons—cuff tops, fine quality. Sizes 4 to 7½ 25c

BOYS' ANKLETS
Cotton and Rayon in all sizes. Navy, brown, blue, grey, burgundy 25c
Allen A. Sox—lastex tops—fast colors, 4-ply heel and toe, solid or stripes.

Whole Table of BIB-ATTACHED JEANS
Val. to 1.89 for 1.19
Here's a get acquainted table of assorted styles in plain colors and stripes. Don't forget to look this table over when you shop.

Wedding Gifts

Tradition exacts that wedding gifts of highest quality should be looked for in the stocks of jewelry stores. The slogan "Gifts That Last" was derived from the fact that jewelry store merchandise primarily has been selected with that idea in mind. The bride, who has the good fortune to have among her friends and loved ones those who wish for her a lifetime of happiness, will find among her wedding presents innumerable articles purchased from jewelry stores, with their modern giftware departments having added scope to selections.

Have the gift table speak well of you by buying beautiful wedding gifts, boxed and artistically wrapped, from

Correction in Casualty List—Joseph Busa Injured; Not Dead

Joseph Busa, coxswain in the U. S. Navy and son of Mr. and Mrs. S. P. Busa, 1220 Hoover St., Menlo Park, was, through a regrettable error, listed in a story last week as reported dead.

Coxswain Busa was wounded Apr. 28 and is listed only as among the navy wounded—not dead. Coxswain Busa suffered abdominal injuries while at an advanced Pacific base on a repair barge. No word from him has been received since the date of his injuries.

San Mateo County Labor News

Three new members were sworn in by the San Mateo Central Labor Council this week, it was announced this week. **L. H. Lottridge,** of the barbers' local, is the new executive member; **Rudolph Wagner** is the new member on law and legislation, from the letter carriers' local; **K. M. Stevens** was sworn in as a trustee.

Credentials were received from the International Association of Machinists, Local 1414, for **George Johnson** to replace **L. O. Brooks** as a delegate to the council. **E. J. Carrigan,** new postmaster of San Mateo resigned as treasurer of the Political Education Committee.

A letter from William Greene, president of the American Federation of Labor, announced that in accordance with ODT regulations, the organization would not be able to hold its national convention previously scheduled for October. Since federation by-laws forbid the election of officers without a national convention, the executive committee is expected to take some action on the matter soon.

Greene also asked council delegates to call on Rep. John Anderson, during the congressional recess, and to urge his support for the Wagner-Murphy-Dingle bill before Congress, which seeks to broaden Social Security provisions.

A Tree Grows in America

Army Corporal Drowns In Canoe Accident

LOS ANGELES (AP) — Corp. Edward Maresh of the March Field air force drowned yesterday in Echo Lake when his canoe upset. His companion, Eva Rasich, was rescued by Sgt. Gerald Curtis of March Field.

Service Men May Jam City

Visions of Redwood City being jammed with returning service men from all over the nation who want to see "that place where Climate Is Best By Government Test" were seen by Mgr. E. W. (Ned) Butler of the Chamber of Commerce today.

Butler has just received another letter from a service man overseas who has heard about the merits of Redwood City from a "home town" lad.

According to the chamber of commerce manager, a steady stream of letters and cards has been received from soldiers and sailors who have heard of Redwood City through "bragging" Redwood City men.

Cpl. Richard F. Smith of an army headquarters unit somewhere in Europe writes: "A friend of mine here is going on most of the time about the merits of Redwood City and vicinity If convenient, would you please send me information and facts relating to your section of California."

Butler said pamphlets and material about Redwood City would be in the mail shortly for Corporal Smith.

Marine PFC Cesarin Awarded Purple Heart

Marine PFC Alfeo (Al) Cesarin of Belmont was recently awarded the Purple Heart in ceremonies at the Oak Knoll Hospital, Oakland, for wounds received on Iwo Jima Mar. 5, his wife, Mrs. Al Cesarin, reported this week.

Cesarin is stationed at Oak Knoll, convalescing. Recently returned to the United States, he has just received his promotion of private first class.

Fishing Equipment Wanted for Veterans

The Redwood City Kiwanis Club today appealed to sportsmen to lend their fishing equipment to wounded veterans of Dibble Hospital. The club announced plans to take 20 convalescent soldiers fishing next Saturday, if sufficient equipment can be obtained.

The party will fish for trout on the Humphrey Ranch south of Pescadero.

Fishing equipment will be considered loaned, and its return in good condition will be guaranteed by members of the Kiwanis committee, it was announced.

The committee asked that fishermen willing to lend rods, reels, and lines contact County Fire Warden Bert L. Werder, County Tax Collector Ralph MacArthur, or Charles Coombs. Other members of the committee: H. C. Clifford and Tom Rhorabaugh.

The party will leave at 9:15 a.m. Saturday and return at 8 p.m. The club will provide two meals.

City Milk Supply To Be Curtailed

Summer milk demands are on the way toward outrunning a limited milk supply, according to local dairy distributors, as summer production is down and consumer, army and navy demands are up.

No shortage seemed in store for regular consumers, the Occidental Creamery reported, but increased summer demands on retail supplies could probably not be met.

Army and navy requirements are expected to increase, and local production will be directed to their needs by the War Food Administration market agent. Though no sales to the military have yet been directed here, they are expected by local dairies.

The market agent for the WFA was not available for comment on the local situation today.

Two 'Timberwolves' Home on Furloughs

Home on furlough here with the 104th Infantry Division, are PFC Julien S. Combatalade, son of Mrs. Evelyn Combatalade, 108 Colton Ave., San Carlos, and PFC John Thomas, formerly of Redwood City, now at Box 791, Willows, Calif.

Both men are veterans of the 104th Timberwolves Division's campaigns in Holland, Belgium and Germany. The division was the first to travel to France from the United States where it remained in continuous combat for six months.

They crossed the Remagen bridgehead and fought until German resistance in the Ruhr pocket broke. Both men wear the combat infantryman's badge.

Pvt. Edgar C. Baume Takes Army Course

Pvt. Edgar C. Baume, 1204 Harrison Ave., is at Stanford University in the Specialized Training Reserve Program, the army announced this week.

Private Baume will receive two terms of college training before reporting to active duty with the army. He was active in football and track teams while in school at Sequoia and Menlo Junior College. He is the son of Lt. Comdr. and Mrs. C. R. Baume of Redwood City.

This Year is a "PEACH" of a time to put up fruit!

Every member of your family loves juicy, rich flavored canned peaches, pears, plums, other fruits.

And, home canned fruits taste "extra special" particularly when store-bought canned goods are 'way up in ration points.

This year, with peaches and other fruits in plentiful supply, buy them by the lug box and stock up your pantry shelves with home canned fruits. You'll save money...help conserve the nation's food supply and stretch ration points.

Fire Loss Increases Threefold

Direct property loss from fires in Redwood City during the fiscal year ending June 30 zoomed to $21,404.91, almost three times as great as damage recorded for the fiscal year 1943-44, Fire Chief Mark E. Ryan reported this week.

There were 259 fires in the past 12 months as compared to 245 blazes during 1943-44, Ryan said. Loss for the previous fiscal year was $8020.

Both building and grass fires increased during the past fiscal year. Sixty-seven building blazes were recorded during the past 12 months while 52 fires of this type were reported in 1943-44.

Damage from fires during June decreased to $180 from $250 in May. Ryan said 305 alarms were turned in during the past fiscal year while 299 were reported in 1943-44.

Firemen answered 21 emergency or rescue calls in the past 12 months; 20 in 1943-44. False alarms totalled 19 for each fiscal period.

There were 17.3 fires per 1000 population in Redwood City during the fiscal year ending June 30 as compared to 20.8 in 1943-44, the fire chief reported. Fires per 1000 buildings increased to 14.9 in 1944-45 from 11.55 in the previous fiscal period.

Average fire loss per building was $311.34 in the past year's fires, showing an increase of $162.28 over the fiscal year 1943-44. Fire loss per capita averaged $1.43 during the last 12 months, compared to $.534 in 1943-44.

Only 16 complaints were lodged against the fire department in the past fiscal period while 22 were reported in 1943-44. Fourteen violations of fire conditions were corrected in 1944-45, Ryan said, with only one corrected in the previous year.

To date this year, 558 hydrants have been tested for water as compared to 245 in 1943-44, Ryan's report discloses. Use of gas and oil decreased greatly in the past fiscal period, with 2879 gallons of gasoline used in 1944-45; 3279 in 1943-44; 17¼ gallons of oil used in the past fiscal year; 41 in 1943-44.

Largest fighting force on duty was seven men during both fiscal periods, Ryan reports. Smallest force was three men. There were no dismissals during either period while the force of call men was reduced from 14 to 12 during the last month. The squad in 1943-44 was 23 and as of June 30 this year included 12 full-time men and 12 call men.

No persons were killed or injured in Redwood City fires during the past two fiscal periods, Ryan concluded.

Veteran Recalls Truman Meeting

It seemed good enough just to be home in his own neighborhood, said PFC Fred W. Wilson, 1077 Valparaiso Ave., Menlo Park. But when the injured veteran of Okinawa was officially welcomed back by his commander-in-chief, Harry S. Truman, as he stopped at Hamilton Field en route to the San Francisco Conference, it was an additional piece of luck for the veteran going to Dibble Hospital.

Wilson is a patient at Dibble now, recovering from the Okinawa battle, which he described as the ruggedest terrain he had encountered, including Iwo Jima and Leyte. He was wounded in the leg on May 22, by a sniper bullet.

He wears the Purple Heart, Bronze Star, expert infantryman's badge, and Philippine-Liberation ribbon. His Asiatic-Pacific ribbon has four battle stars.

Ensign Whitehead Takes Harvard Course

Ensign William R. Whitehead, son of Mr. and Mrs. A. P. Whitehead, formerly of Redwood City, is at Harvard finishing studies in communications after graduation with his commission from Columbia University, July 5, his parents reported this week

Ensign Whitehead enlisted in the navy in January, 1942, and after 21 months' duty at Guantanamo Bay, Cuba, as radioman 2/c, he entered the naval V-12 program at the California Institute of Technology and later Doane College, Neb.

He is a Sequoia High School graduate and participated in football and boxing while in school here. He also attended San Jose State College.

Seek 52,000 Men For Coast Jobs

SAN FRANCISCO (AP)—A nation-wide campaign to secure 52,000 additional workers for high priority West Coast jobs will be started immediately under the guidance of the War Man Power Commission.

Plans for the drive were announced here yesterday at the conclusion of a three-day conference by WMC regional directors representing all 48 states.

Efforts will be made to secure half the workers in the 11 non-western districts, and the other half in the coastal area, said Robert C. Goodwin, national WMC aide from Washington, D. C. The greatest labor shortage is in ship repair work and railroads.

F. W. Hunter, Pacific Coast regional WMC director, reported 92,000 railway workers are needed throughout the country, most for lines west of the Mississippi.

Discussion at the final session centered on plans for job counseling and training, and for full veteran employment.

Air Force Honors Captain Lundin

For "extraordinary achievement in an aerial flight over Formosa," Capt. Robert L. Lundin of Redwood City has been awarded the Distinguished Flying Cross, a Fifth Air Force communique from somewhere in the Philippines reported this week.

The citation reads: "On Mar. 25, Captain Lundin led a flight of A-20s in the first minimum level strike on the Kyoshito alcohol plant in Formosa. Despite his right engine being hit by an explosive shell, Lundin continued his low-level bombing and strafing, accurately dropping his fire and fragmentation bombs.

"Leaving the target area, his plane was hit again and the brake line and hydraulic system rendered useless. Despite all this, he kept his flight together, led it back safely and landed his own plane with no further damage.

"The outstanding courage and devotion to duty displayed by Captain Lundin are in keeping with the highest traditions of the U. S. Army Air Forces," the citation concludes.

Lundin, whose mother lives at 116 Maple St., graduated from Sequoia High School and attended San Jose State College. Overseas 15 months, he is credited with 72 combat missions over enemy territory. His wife, Constance, resides in Los Angeles.

Gold Mining Town Now State Park

COLUMBIA, Calif. (AP)—This historic gold mining city, now largely a ghost town but still containing one of California's largest collections of early-day adobe buildings, has become a state park culminating a campaign begun 17 years ago by the Native Sons of the Golden West and the California Historical Society.

Gov. Earl Warren signed the bill creating the park. The signing was in the 87-year-old barber ship where Charlie Schneider shaved gold miners' beards in the '50s.

Earlier at breakfast ceremonies in a Sonora hotel four miles away, the governor said State Sen. Jesse Mayo of Angels Camp and Assemblyman Allen G. Thuman of Colfax were responsible for pushing the bill through the legislature.

Some 5000 persons saw the signing day ceremonies.

County Refuses Ralston Ave. Aid

San Mateo County supervisors declined to accept jurisdiction of a 2-mile section of Ralston Ave. within Belmont city limits upon recommendation of County Engr. M. A. Grant.

Request that the county take over the road came in a letter from Belmont City Atty. Paul A. McCarthy.

McCarthy said the road would carry a great deal of travel in postwar years and that the City of Belmont might not be able to bear the expense of installing heavier pavements.

Pick a Peck of Peppers From Victory Garden Row

Green Peppers Turn Red or Orange As They Ripen.

Sweet peppers, the large mild flavored kind that turn from green to red or orange as they ripen, are among the richest garden vegetables in vitamins A and C.

They are easily grown in Victory gardens and should be used as much as possible both raw and cooked. They are excellent in bowl salads, and there are many ways to cook them; one of the best being to stuff them with chopped meat or meat substitute.

Early varieties can be grown from seed sown outdoors, after the ground warms up, but it is better to start plants indoors or buy them in the market. The plants are very tender, and should not be set outdoors until it is safe for tomatoes.

Space the plants 18 inches apart in the row and give them frequent cultivation. They like a rich, heavy soil, but thrive in lighter soils if given plenty of water. The pepper is one plant which likes a bath now and then; it can be washed off with the hose and will thrive the better for it.

They grow rapidly and once they begin to bear they continue to produce fruit until frost kills the plants in the fall. A dozen plants will usually be sufficient for a family of four. They have a long season during which they are in good condition; the color changes from green to red and the vitamin A content increases with this change. The red peppers are highly decorative, and there are also attractive orange varieties.

The only insect likely to attack peppers is a flea beetle, which can be discouraged by spraying or dusting with nicotine sulphate. There are no diseases likely to bother.

Hot peppers are seldom grown in gardens, but if you wish to try them the same general cultural methods will suffice.

Pescadero Boy Scout Camp Draws Largest Attendance

With one of the largest attendances yet recorded for a closing session of the summer Boy Scout camp season, Camp Pescadero went into its final week of activities Sunday under the direction of E. A. Barrer, scout executive.

Included in the large crowd of parents, friends and Scout officials on hand to witness the opening "dress parade" of the week were George Cook, Ole Olson, Stan Marcus and L. R. Furlong, San Mateo County scouters. William Donnelly camp adjutant, was in charge of the opening ceremonies.

Supervisor T. L. Hickey of Memorial Park was a special guest at the parade and review.

Climaxing the record attendance at the camp the Scouts moved into the reuglar line of activities in short order Sunday with services for Catholic scouts being conducted at 9 a.m. Christian Science services were at 9:30 and additional services were held at 11 o'clock under the direction of representatives from Peninsula churches.

A special water safety show featured the afternoon activities. Games and the campfire program were the concluding events for the day.

The camp will conclude with breakfast next Sunday morning with the buses scheduled to leave the campsite about 9 a.m. Buses are scheduled to arrive at the bus station, corner of Howard Ave. and California Dr. in Burlingame at 11 o'clock.

Sgt. Gutierrez En Route Home

Sgt. P. Dominic Gutierrez, 32, of Redwood City, veteran of the victory in Europe, is on his way home for a 30-day furlough. The 15th Air Force mechanic arrived at Charleston, S. C., by transport plane from Italy. According to a release by Brig. Gen. James T. Duke, commander of the transportation corps port, he was on his way by train to a reception center near his home within 24 hours.

Sergeant Gutierrez was inducted into the army in January, 1943, and went overseas to a base in Italy in September, 1943. He has been awarded seven bronze battle stars for his European Theater ribbon.

His wife, Frances, resides in Redwood City at 2350 El Camino Real.

Four R.C. Service Men Due To Arrive

Four Redwood City men were en route home this week after leaving Camp Beale processing center yesterday.

S/Sgt. Harold B. Kennedy, 528 Alden St. has arrived from service with the air corps in the European Theater. He arrived in the United States July 7.

Pvt. Robert A. Harrington, 54 Hillview, is returning from service with the 13th Infantry Regiment. He arrived in the United States July 10.

S/Sgt Walter W. Mattson, 2614 Jefferson, arrived in the United States July 10, after service with the 1055th Engineer group, with whom he was commended for the construction of a railway bridge in France.

PFC George R. Madero is the fourth Redwood City man to leave Camp Beale this week. He entered the service October 1943, and has served with the 373rd Engineering group. He lives with his mother, Mrs. Laura Madero, at 307 Quartz St.

Cpl. Bruce M. Baker, 219 Avilla St., San Mateo, is en route home after arriving in the United States July 10. He served with the 13th Infantry Regiment.

Pvt. Louis G. Vivano, 165 Channing Ave., Palo Alto, arrived in the United States July 9, and has left Beale after the processing routine.

Anthony Videle Home on Furlough

PFC Anthony Videle of Redwood City is spending a 30-day convalescent furlough with his wife, Flora and two sons, James, 8, and Laurie, 6, at 702 Redwood Ave. following return to his home on July 4 after seven months in Europe.

Videle received the Purple Heart for a wound sustained in fighting near Saarbrucken, Germany, on Mar. 7. With the 275th Infantry Regiment, he was holding a position under German artillery fire, when an 88 mm. shell exploded nearby and a piece of shrapnel struck him in the chest.

At the conclusion of his furlough, Videle will report to the Brooks General Hospital in Texas. Videle, a former patrolman for the San Francisco Port of Embarkation, entered the army in November, 1943.

Army Awards Medal To Frederick Pratt

T/5 Frederick F. Pratt, son of Mr. and Mrs. Lloyd Pratt, 515 East Fuller, has been awarded the Bronze Medal for holding 45 enemy prisoners while under fire in Italy, and securing assistance to wipe out a pocket of enemy resistance, the citation, relased by the army this week, states.

Pratt has been in Italy for 20 months. He has a Good Conduct Medal and four battle stars on his campaign ribbon. The Sequoia High School graduate has sent home many souvenirs, including a German officer's saber.

His brother, Lloyd Pratt, is stationed at Santa Barbara with the army.

Malta, British base in the Mediterranean, has an area of only 95 square miles.

R.C. Sailor Boards Captured U-Boat

Robert T. Murphy, signalman 2/c, son of Mr. and Mrs. T. R. Murphy, 462 Buena Vista Ave., was reported by the navy this week as one of 7 members of an escort aircraft carrier crew to board and capture a German submarine, the U-505, first prize enemy vessel taken by the navy on the high seas since 1915.

Murphy's task force made sound contact with the enemy boat off French West Africa. Destroyer escosts dropped depth charges to help force the Nazi commander to the surface.

Planes from the carrier escort strafed the U-boat decks, keeping the German crew from manning their guns, and when efforts to escape through surface maneuvers failed, the U-boat crew abandoned their boat, which was boarded by Murphy and a half-dozen shipmates. It was then towed 2500 miles to Bermuda, a prize of war.

Murphy saw his brother, Jim Murphy, also a signalman, when home on furlough this month. Twenty-year-old Bob was presented with a commendation ribbon by Adm. Roy E. Ingersoll for services beyond the call of duty after being overseas a year and a half. Nature of the services can not yet be revealed by the navy.

He is a veteran of 19 months' duty on Guadalcanal, wearing ribbons for the American, European-African-Middle-Eastern theaters of operations, with two stars. He entered the service October, 1942. Murphy attended Sequoia High School.

Former R.C. Lieutenant Recovers From Injuries

Second Lt. William R. Dayson, formerly of 1576 Valota Rd., spent a seven-day furlough in England, the army reported this week, after recovering from injuries reported last month after his liberation from a German prison camp.

Dayson is a bombardier, and was captured by the Germans April, 1944. He holds the Air Medal with an Oak Leaf Cluster presented to his mother in ceremonies at Hamilton Field last December.

His wife lives in San Jose. Dayson has three brothers in the service, PFC Robert Dayson, wounded in Luzon,; Cpl. James Dayson, who served in Italy, and Jackie Dayson, with the navy.

Johns-Manville Names Eaton

Appointment of Thomas Eaton, a superintendent of the Johns-Manville Corp. factory in Manville, N. J., as manager of the Redwood City branch of the corporation was announced this week by Alexander Cromwell, vice president of the Pacific Coast factories of the firm during a meeting of employes here.

Eaton succeeds H. A. Betaque, acting factory manager for four months following the death of Elmer S. Hurrell. Betaque will return to the Lompoc, Calif., factory where he is chief engineer.

Mr. and Mrs. Eaton are now searching for a home to buy in the Redwood City area. Eaton was superintendent of the magnesium insulation department of the Manville, N. J., factory for the past five years.

Restaurant Sells For $50,000

Grace & Pierre's Cafe de Paris, well-known Atherton restaurant, has been sold to four San Jose couples for a price in excess of $37,000, it was reported this week with the filing of a deed with County Recorder T. Clark Rice.

Grace and Pierre Cotillon, who have operated the establishment for a number of years, will continue to be associated with the restaurant for an indefinite period, the new owners announced.

Half interest was purchased by Anthony and Lydia Blase who will move to Redwood City to reside in the near future, while the remaining half interest was purchased by John and Ann Kulish, Martin and Dorothy Janich and Parker and Lucille Hathaway.

The new owners have been associated with a wholesale fruit and commission business in San Jose for the past 25 years, C. H. Woodhams of the San Mateo County Title Co., which filed the deed, said.

Stamps on the deed indicated a purchase price of $37,000, although inclusion of personal property brought the transaction to approximately $50,000, Woodhams said.

Nicaragua is the largest of the Central American Republics with an area of 57,143 square miles.

Redwood City Cuts Blood Bank AWOLs

Redwood City Chapter, American Red Cross, today said "thank you" to blood donors who reduced absenteeism at the blood bank Saturday from 28 per cent on June 22 to a mere 8 per cent.

Although 44 of the 305 persons who signed up Saturday failed to apper, 19 of these presented legitimate excuses in advance. Only 25 were "absent without leave." There were 93 AWOLs June 22.

June Bride Crop Hits Peak in 1945

One hundred thirty-four marriages were recorded in San Mateo County during June this year, compared with 97 in June, 1944, Recorder T. Clark Rice announced this week.

Rice recorded 152 births and 111 deaths last month. One hundred and forty births and 107 deaths were recorded in June, 1944.

His office handled 3516 papers and collected $5820.90 in fees.

In June of last year, the office handled 3248 papers to collect $5500.05 in fees.

Dibble Issues Call For Army Chaplains

Dibble Hospital is center of the Peninsula drive to answer the army's call for 700 chaplains needed at once. Lt. Col. Frederick G. Lamb, Dibble post chaplain, said today that the work of chaplains is greatly appreciated by the men and women of the military service, and that clergymen who are qualified may call at the chaplain's office at Dibble Hospital or telephone him.

Candidates for chaplain must be 24 to 49 years of age, graduates of a recognized college and of a recognized theological seminary, Bible institute, or rabbinical college. They must also have a minimum of one or two years experience in full-time pastoral service and must be engaged now in the active ministry. Endorsement from the denominational superior is also necessary.

'At Your Service'

(Editor's note: This is an information service on GI matters of all kinds. Answers will be furnished through this column to questions on allotments, compensation claims, demobilization, employment, educational rights, insurance, pensions, loans, civil service preference, income tax deferments, veterans' organizations, legislation—anything pertaining to the needs and welfare, rights and privileges of service men and women, veterans and their dependents.

Address: Redwood City Tribune "At Your Service" Bureau, 1013 13th St., Washington (5) D. C.)

Q. My husband has been overseas for six months and I receive only a family allowance of $50 per month. Am I not entitled to an increase because he is serving overseas?

A. Your family allowance is not increased by reason of your husband's overseas duty. However, the service man may voluntarily make a Class E allotment of pay to you, if he desires. Enlisted men serving overseas receive an increase of 20 per cent of their base pay for such duty.

Q. Does the Combat Infantryman's badge entitle a soldir to five points in the demobilization plan?—K.F.L.

A. No.

Q. If a man makes application for discharge on the ground that he is over 40 years of age, will that discharge prevent him from getting mustering-out pay?—C.B.L.

A. No, not if he is otherwise qualified.

Q. Are army officers who are eligible to retirement by reason of age going to be retired soon or will they be kept for the duration?—Mrs. C.X.S.

A. The War Department recently announced that army officers eligible by age for retirement will be relieved of active duty not later than Dec. 31, except those regarded as essential to the war effort or in special positions.

Q. What will be the strength of the army when all men discharged under the partial demobilization plan have been let out?—T.L.B.

A. Approximately 6,700,000 until Japan is defeated.

Q. What is the significance of the five stars which appear on the shoulder patches worn by the First and Second Marine Divisions?

A. The five white stars represent the constellation of the Southern Coss under which the fighting took place at Guadalcanal. Both the First and Second participated in the Solomon Islands campaign.

Q. Is the wife of an enlisted man, who dies before her husband, entitled to burial in a national cemetery?

A. The wife of an enlisted man or officer, serving on active duty, is eligible for burial in the post cemetery of the post where the service man is stationed, or in the post section of a national cemetery, should the wife pre-decease her husband.

Q. If a man is released from the service because of the dependency of a mother and hardship conditions at home, does he forfeit his rights under the G. I. Bill of Rights?—A.J.T.

A. No; if otherwise qualified, none of his rights under the G. I. Bill are affected by that type of discharge.

Dumbarton Bridge Co. Collects $106,000 Tolls

Tolls collected during 1944 totalled $106,651.30, the Dumbarton Bridge Co. declared today in a report to the San Mateo County Board of Supervisors.

Cash value of the bridge on Dec. 31, 1944, was $2,184,721.37, or the same amount as the cost of construction, the company reported.

Repairs during 1944 cost $5,479.27, and amortization and taxes paid totaled $50,399.30.

A total of $55,855.03 was expended for labor and other costs last year, the bridge company stated.

Do you know this about Summer Desserts

Desserts for Summer should be light-textured, time-saving and eye-appealing. This delicious sponge-like cake with its colorful whip topping is one tempting example. And the delectable Fruit Pockets make for welcome variety.

FAIRY SPONGE CAKE

1 cup all-purpose flour
1 tsp. baking powder
¼ tsp. salt
2 eggs
1 cup sugar
1 tsp. vanilla
½ cup hot milk
1 tbsp. butter or margarine

Sift and measure flour; sift again with baking powder and salt. Beat eggs well with rotary beater; add sugar gradually and continue beating until mixture is very light. Add dry ingredients and stir until smooth. Add flavoring. Heat milk to boiling; add butter or margarine; stir quickly into batter. Pour *immediately* into 9-inch well-greased and floured cake pan and bake in moderate oven (350° F.) about 20 minutes or until done. Remove from pan; cool on rack. Serve topped with Fresh Fruit or Berry Whip. (Recipe follows.)

FRESH FRUIT WHIP

Soften 1 tablespoon unflavored gelatin in ¼ cup cold water, then dissolve in ½ cup hot water. Combine ¼ cup sugar, 1½ cups crushed fruit or berries, ¼ tsp. salt, and 2 tbsps. lemon juice; add to gelatin. Chill until thick and syrupy; beat with rotary beater until foamy. Fold in stiffly beaten whites of 2 eggs. Chill until firm.

FRUIT POCKETS

Use your favorite biscuit dough recipe. Roll dough about ¼ inch thick; cut into six 4-inch squares. Place about ½ cup sweetened fresh berries or sliced fruit in center of squares. Fold over diagonally; press edges together well with fork. Prick top to allow steam to escape. Bake in hot oven (450° F.) 15 minutes; reduce heat to moderately hot (400° F.) and continue baking 15 minutes longer or until done.

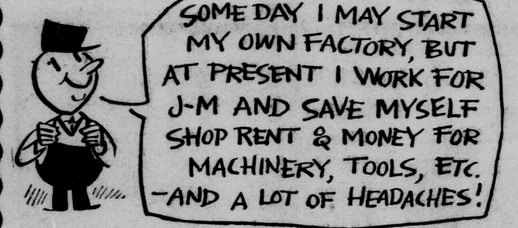
J-M Smokestack
By Jim Asbestos



SOME DAY I MAY START MY OWN FACTORY, BUT AT PRESENT I WORK FOR J-M AND SAVE MYSELF SHOP RENT & MONEY FOR MACHINERY, TOOLS, ETC. —AND A LOT OF HEADACHES!

IT TAKES A LOT TO RUN A BUSINESS

Most businesses these days are willing to put their cards on the table and show their jobholders how their income dollar is divided.

The jobholder then knows where the money goes just as if he were keeping track of it in a business of his own.

Out of each dollar taken in during 1944, Johns-Manville paid out 38⅕ cents in wages and salaries. Perhaps some jobholders figure that if they were in business for themselves they could pay themselves 100 cents out of each dollar they took in.

Let's see what happened to the rest of J-M's dollar. Taxes took 9⅕ cents. Other expenses of running the business—raw materials and supplies, wear and tear on machinery, etc.—took 47⅕ cents. That left 5⅖ cents for earnings. Of this amount, 3 cents were put back into the business, and the owners of the company, the stockholders, got 2⅖ cents.

What if the jobholder were in business for himself? He'd have to pay rent on the shop he worked in and interest on the money he borrowed for machinery and tools. He'd have to buy raw materials. He'd need ideas for products to sell, and salesmen to sell them. He'd have to have people to keep track of the accounts, figure the taxes, and make the many government reports required. He might run at a loss for years until he got going. (Many businesses do.)

There are plenty of opportunities in this country for the man who wants to run his own business. It's tough going, of course. That's why many of us choose the greater security of working for a company where many people have invested their savings to provide the working facilities and where the many specialized skills of fellow employees combine to make it a going concern.

-Jim Asbestos

A DOZEN FOR MARTHA

GERTRUDE, I SEE HERE SAFEWAY ADVERTISES ORANGES PRICED BY THE POUND. BUT I ALWAYS GET THEM BY THE DOZEN
NO PROBLEM THERE, MARTHA. READY TO GO SHOPPING?
NOW YOU PICK OUT YOUR DOZEN ORANGES, MARTHA—CHOOSE JUST THE ONES YOU WANT!
ORANGES 10 lb
NOW SHE'LL TELL YOU EXACTLY HOW MUCH YOUR DOZEN ORANGES WEIGH. AND WHEN YOU PAY FOR THEM, YOU'LL BE GETTING FULL VALUE FOR EVERY CENT!
YOU SEE, PRICING BY WEIGHT SIMPLY MEANS YOU BUY AS MANY AS YOU NEED, BUT THE SCALES TELL YOU EXACTLY HOW MUCH THEY'RE WORTH!
AND THESE ARE SO JUICY! NOW I SEE WHY SAFEWAY'S PLAN IS SUCH A GOOD ONE!

Junior AWVS To Conduct Paper Drive

The Junior American Women's Voluntary Service of Redwood City will have its first official meeting in the newly acquired headquarters at 703 Middlefield Rd. on Wednesday at 2 o'clock.

The 'teen age members are enthusiastic over proposed plans to redecorate their new headquarters, announced Mrs. Montel Bigler, AWVS leader, this week, in order to raise the necessary funds for supplies a paper drive will be conducted in this city by the Junior AWVS. Anyone having papers or magazines to be picked up may telephone Mrs. Bigler at 3993.

Other plans of the Junior AWVS include a bazaar, plans for which will be announced in the near future. The young girls are continuing their drill team work under the direction of Mr. Jack Garnett, who also plans to form a camera club teaching the girls the art of photography.

Mrs. Bigler, who has been the leader of the Junior AWVS in Redwood City since its inauguration, asks any local women interested in the training and leadership of young girls, who wish to offer their services, to contact her at 3993. Also new members into the Junior AWVS are invited.

Capt. P. B. Snow Arrives in R.C.

Capt. Parker B. Snow of the army air force received his official terminal leave this week at Camp Beale with 158 points and shortly afterward greeted his wife, Jean, and baby daughter, Bonnie, in Redwood City at their home on Oakdale Ave., where he has come to stay.

Captain Snow was one of 38 officers who left Lake Charles Army Air Field, Lake Charles, La., for army separation center recently.

He entered the army in May, 1942, and served in the European theater, where he was presented with the Air Medal with 12 Oak Leaf Clusters, the Soldiers' Medal and three bronze battle stars.

The young officer is the son of Mrs. Ianlane Snow of this city and is a graduate of San Jose State College.

Chief Warrant Miller At S.F. Navy Hospital

Marine Chief Warrant Officer George B. Miller, 818 Hillcrest Dr., is reported undergoing medical treatment at a San Francisco naval hospital this week after returning from the Pacific where he served with the Fourth Marine Division.

His wife, Mrs. Lula Mae Miller, resides at the Redwood City address.

PUBLIC NOTICE

Certificate of Partnership Transacting Business Under Fictitious Name.

We, the undersigned, RAY HAWLEY and MAURICE J. COUCHOT, do herby certify and declare that we are transacting business as a partnership in the City of South San Francisco, County of San Mateo, State of California, under the fictitious name of "HAWLEY INDUSTRIES," and that our principal place of business is situated at 455 Railroad Avenue, South San Francisco, California.

The names in full and places of residence of all of the members of said partnership are as follows:

Ray Hawley, 1525 Ralston Avenue, Belmont, California.

Maurice J. Couchot, 891 59th Street, Oakland, California.

July 2, 1945.

RAY HAWLEY
MAURICE J. COUCHOT

STATE OF CALIFORNIA }
City and County of } ss.
San Francisco }

On this 2nd day of July, 1945, before me, BERTHA RIESE ADLER, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared RAY HAWLEY and MAURICE J. COUCHOT, known to me to be the persons whose names are subscribed to the within instrument, and they acknowledged to me that they executed the same.

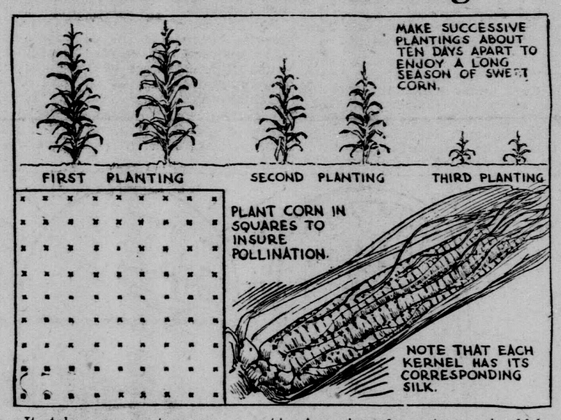
In Witness Whereof, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, the day and year in this certificate first above written.

Bertha Riese Adler, Notary Public in and for the City and County of San Francisco, State of California. My commission expires Sept. 11, 1946. (SEAL)

(Endorsed) Filed in the office of the County Clerk of San Mateo County, Calif., July 18, 1945. W. H. Augustus, County Clerk; by Lydia Ricci, Deputy Clerk.

July 20, 27; Aug. 3, 10, 17, 1945

Sweet Corn Supreme for Half-hour After Picking



MAKE SUCCESSIVE PLANTINGS ABOUT TEN DAYS APART TO ENJOY A LONG SEASON OF SWEET CORN.
FIRST PLANTING
SECOND PLANTING
THIRD PLANTING
PLANT CORN IN SQUARES TO INSURE POLLINATION.
NOTE THAT EACH KERNEL HAS ITS CORRESPONDING SILK.

It takes space to grow sweet corn, but for gardeners who have the room it offers a rich reward. Only the home gardener, who can pick his corn and serve it on the table within half an hour, or as nearly that soon as possible, can know its maximum tenderness and flavor.

As soon as it is picked, the sugar in sweet corn begins to change to starch, and within a few hours it has lost half of its flavor.

A patch of sweet corn in a space fifteen feet square in normal weather should yield ten dozen ears. This is approximate, of course; each stalk bearing at least one ear, and some of them bearing two.

Hybrid sweet corn has both advantages and disadvantages. It gives a larger ear, and a heavier yield than open-pollinated Golden Bantam, coupled with a shorter season, and, many say, not quite so delicious a flavor. Most hybrids are disease resistant, and more vigorous than Golden Bantam.

If hybrids are chosen, it is a good plan to sow three or four strains, with differing maturity dates, at the same time and thus prolong the harvest. This practice also extends the pollinating period of the planting and lessens the danger of a failure to fertilize the silk, which may occur where one hybrid strain only is grown due to unfavorable weather conditions.

A sowing of sweet corn should be made in four short rows rather than in a single long row. This insures that when the pollen is ripe, a cross wind will carry it to the silk in the young ears of an adjoining row, rather than wasting it on the ground, as might be the case in a single row. Each silk must be fertilized by pollen, in order to produce a kernel, and many failures with corn are traceable to poor pollination.

Seed should be sown when danger of frost is over, about two inches deep either in continuous drills or hills. In drills, sow three or four seeds to a foot, later to be thinned out to six inches apart for dwarf growing varieties or a foot apart for tall ones. Space the hills two to three feet apart in the rows, according to the size of the variety, and for both drills and hills, space the rows two to three feet apart.

Deep cultivation of corn must be avoided because the plants have shallow roots; but all weeds should be kept down and the soil stirred, to break its crust, until the plants are half grown. Side shoots and suckers need not be removed.

Ears should be picked when they are ready, neither before nor after. If you grow Golden Bantam, for the last sowing a later variety will probably do best, as the extreme heat of midsummer is not favorable to Bantam.

Women Drivers Urged To Join Red Cross Motor Corps

The motor corps, an indispensable unit of the Red Cross and probably the most glamorous, needs more women drivers in Redwood City, announced Mrs. M. K. Salz, general chairman, today. The wheels of vital Red Cross work, which link the supply lines between the home and the front, must be kept in operation.

Motor corps drivers aid the blood donor service. They drive the members of the Red Cross sewing unit to the Coastside once a week, where the women visit army camps giving aid to service men. They drive patients to and from army and navy hospitals and camps. The important arts and skills program now underway at Dibble General Hospital needs the motor corps.

Certain changes in the requirements for the motor corps have been made recently. It is now only necessary to take a standard first aid course to be a driver and not the advanced course as previously required. A first aid course is now beginning for women desiring to become drivers of the Red Cross station wagons.

The motor mechanics course has been changed from a 20-hour course to only 10 hours. This course may be taken now after becoming a regular motor corps driver.

The Redwood City Chapter has received a special request from the navy for women drivers one day a week to do official navy driving. This work may prove a very interesting aid to the war effort, said Mrs. Salz.

Additional information on becoming a motor corps members may be obtained by telephoning Mrs. Salz at her home, RC 1958, or the Red Cross headquarters, RC 4750.

Howard Sahlberg Goes to Oklahoma

Ensign Howard W. Sahlberg, son of Mr. and Mrs. Albert P. Sahlberg, 319 Cedar Ct., is en route to Oklahoma A. and M. to study Japanese, after completing a furlough in Redwood City.

Ensign Sahlberg received his commission after completing the courses at Columbia University on July 5. He has a sister, Mrs. Hugo Endrigo, and a brother, Albert Sahlberg, Jr.

Margaret Righter Is Delegate to Music Conference

Miss Margaret Righter of Burlingame attended the thirty-fifth annual business meeting and war emergency conference of the California Music Teachers' Assn. at Sacramento on July 10 and 11 as the official delegate of the San Mateo County branch.

The seminar was carefully planned to further the association in compliance with government request and to provide opportunity to safeguard the welfare of the future of music education.

Highlights of the sessions included lectures by Dr. John H. Butler of San Francisco State College and a concert by Mary Pasmore, violinist, and Samuel Rodetsky, pianist, both of the San Francisco branch. At the closing session, Caroline Irons of the Alameda branch was installed as state president of the organization with Mr. Rodetsky as first vice president.

The San Mateo County branch numbers among its members, piano, violin and voice teachers from Redwood City, San Mateo, Burlingame and Millbrae.

Redwood City Colonel Wins Bronze Star

Col. Mayer A. Braude, of Redwood City, has been awarded the Bronze Star, an army European theater base reported. Colonel Braude has received the medal in recognition of work in planning and coordinating finance services before and after D-Day.

The West Point graduate distributed about 10,000,000 francs to finance units after the invasion. He served in Panama and in 1939 was assigned to duty with the finance office Madison Barracks, N. Y. He has been overseas since June, 1943, as fiscal officer of the western base section.

His wife lives in Redwood City. He is the son of Mr. and Mrs. Morris Braude of Los Angeles.

The practice of wearing objects around the neck dates from the Stone Age.
